

In re: Arnold
Int'l Appl. No.: PCT/DE00/00911
Int'l Filing Date: March 24, 2000
Appl. No. 10/069,140
Page 2 of 8

Please replace the paragraph beginning at page 3, line 18, with the following rewritten paragraph:

B6 The foregoing object is achieved by a light source which is designed and constructed such that the heating device includes a heating element for an indirect heating of the filament.

Please replace the paragraph beginning at page 9, line 23, with the following rewritten paragraph:

B6 There exist various possibilities of improving and further developing the teaching of the present invention in an advantageous manner. To this end, one may refer to the following detailed description of a preferred embodiment with reference to the drawing. In conjunction with the detailed description of the preferred embodiment of the invention with reference to the drawing, also generally preferred improvements and further developments of the teaching are described.

On page 9, below line 33, insert
B6 --Brief Description of the Drawings--.

On page 10, between lines 5 and 6, insert
B7 --Detailed Description of the Preferred Embodiments--.
